

## **SAVE THE DATE!**

### **European Society of Sleep Technologists Congress**

**Wednesday 14<sup>th</sup> September 2016  
Bologna, Italy**

We are pleased to invite you to the Congress of the European Society of Sleep Technologists (ESST), which will take on Wednesday 14<sup>th</sup> September 2016 in Bologna, Italy.

Running alongside the European Sleep Research Society (ESRS) Congress, the ESST Congress features an exciting programme of lectures and workshops covering a range of sleep-related topics, presented by an experienced international faculty.

We are delighted to welcome Professor Debra Skene, University of Surrey, UK, as our distinguished keynote speaker.

We will round off our meeting with a social event, allowing delegates to relax and network in the picturesque city of Bologna.

Thanks to the generosity of our sponsors, the ESST Congress is free to attend, and all ESST members can benefit from a reduced registration rate at the ESRS Congress.

With Continuing Education Credits applied for, this meeting is a must for all somnologists, technologists, respiratory therapists, nurses, allied health professionals and anyone with a professional interest in sleep.

**The ESST is run by sleep technologists, for sleep technologists –  
join us free of charge at  
[www.esst.org](http://www.esst.org)**

***Thanks for supporting the ESST – see you in Bologna!***
